<u>Bedroom Size</u>	<u>2025 FMR</u>	<u>Approved</u>
1-BR	831	610
2-BR	1025	760
3-BR	1336	1000
4-BR	1578	1190
5-BR	1814	1360

The Department of Housing and Urban Development (HUD) has posted the Fair Market Rents (FMRs) for the fiscal year 10/01/2024 through 09/30/2025 FMR's are used in the calculation of flat rents for Public Housing units. PHAs are required to establish flat rents at no less than 80 percent of the FMR for their jurisdiction.

FMRs are developed to include rent plus the cost of all necessary utilities. In the case where the PHA tenant family is responsible for making direct utility payments to the utility company, as is the case with GMAHA housing units at Oak Grove and William Young Homes, the flat rent is adjusted by the utility allowance per the most recently approved Utility Allowance Schedule.

At the admissions, families choose between the flat rent and the income –based rent. During the annual re-examinations, PHAs must offer an annual rent option, where the family may choose to pay either the lower of the flat rent or the calculated income-based rent.

The table above represents the final FFY 2025 FMR rates, the current GMAHA Public Housing Flat Rent Schedule and the approved FFY 2025 GMAHA Public Housing Flat Rent Schedule (adjustment for utility payments have been made to the "Current and Proposed flat rents listed).
