William Young

- No News to share this month!

GMAHA Offices will be closed in observance of Independence Day on July 4, 2024

The longest day of the year is in June and usually falls on June 20 or June 21. The Summer Solstice ushers in astrological summer and the period between June 1 to August 31 is considered meteorological summer. During this time, the weather is mild across most of the Northern Hemisphere. June's full moon is called the strawberry moon.
